

Models::IModel

Models::Calculable

Models::Billing

```
graph BT;
    Billing[Models::Billing] --> IModel[Models::IModel];
    Billing --> Calculable[Models::Calculable];
```

The diagram illustrates a class hierarchy. At the bottom is the 'Models::Billing' class. Two arrows point upwards from this class to the 'Models::IModel' and 'Models::Calculable' classes positioned above it, indicating that 'Models::Billing' inherits from both 'Models::IModel' and 'Models::Calculable'.
