

Models::People

Models::IModel

Models::Customer

```
graph BT; Customer[Models::Customer] --> People[Models::People]; Customer --> IModel[Models::IModel];
```

The diagram illustrates a class hierarchy where 'Models::Customer' is a base class or interface that is inherited by 'Models::People' and 'Models::IModel'. The inheritance is represented by arrows pointing from the 'Models::Customer' box to the 'Models::People' and 'Models::IModel' boxes.
