

Models::People

Models::IModel

Models::User

```
classDiagram
    class Models_People["Models::People"]
    class Models_IModel["Models::IModel"]
    class Models_User["Models::User"]
    Models_User --|> Models_People
    Models_User --|> Models_IModel
```

The diagram illustrates a class hierarchy. At the bottom is the 'Models::User' class. Two arrows point upwards from 'Models::User' to 'Models::People' and 'Models::IModel' at the top, indicating that 'Models::User' inherits from both 'Models::People' and 'Models::IModel'.
