

Models::People

Models::IModel

Models::User

```
graph BT; User[Models::User] --> People[Models::People]; User --> IModel[Models::IModel];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'Models::User'. Two arrows originate from the top of this box: one points vertically up to the bottom of the 'Models::People' box on the left, and the other points vertically up to the bottom of the 'Models::IModel' box on the right. A horizontal line connects the two vertical stems of these arrows, indicating that 'Models::User' inherits from both 'Models::People' and 'Models::IModel'.
