

IDatabaseModel

```
graph BT; User --> IDatabaseModel
```

A UML diagram showing a directed association from a 'User' entity to an 'IDatabaseModel' entity. The 'IDatabaseModel' entity is represented by a rectangular box at the top, and the 'User' entity is represented by a rectangular box at the bottom. A vertical arrow points from the 'User' box up to the 'IDatabaseModel' box, indicating a directed relationship.

User
