

Models::People

Models::IModel

Models::Customer

```
graph BT; Customer[Models::Customer] --> People[Models::People]; Customer --> IModel[Models::IModel];
```

The diagram illustrates a class hierarchy. At the bottom is the 'Models::Customer' class. Two arrows point upwards from 'Models::Customer' to 'Models::People' and 'Models::IModel' at the top, indicating that 'Models::Customer' inherits from both 'Models::People' and 'Models::IModel'.
