

Models::People

Models::IModel

Models::Customer

```
graph BT; Customer[Models::Customer] --> People[Models::People]; Customer --> IModel[Models::IModel];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'Models::Customer'. Two arrows originate from the top of this box and point upwards to two separate boxes above it. The left box is labeled 'Models::People' and the right box is labeled 'Models::IModel'. This indicates that 'Models::Customer' inherits from or specializes both 'Models::People' and 'Models::IModel'.
