

Mustache::PartialResolver

```
classDiagram
    Mustache::PartialFileLoader --|> Mustache::PartialResolver
    Mustache::PartialMap --|> Mustache::PartialResolver
```

The diagram illustrates a class hierarchy. At the top is the base class, Mustache::PartialResolver. Below it are two subclasses: Mustache::PartialFileLoader on the left and Mustache::PartialMap on the right. A horizontal line connects the two subclasses, with a vertical line extending upwards from its center to an arrowhead pointing at the base class, indicating inheritance.
