

Models::IModel

Models::Calculable

Models::Billing

```
graph BT; Billing[Models::Billing] --> IModel[Models::IModel]; Billing --> Calculable[Models::Calculable];
```

The diagram illustrates a class hierarchy. At the bottom is the class 'Models::Billing'. Two arrows point upwards from 'Models::Billing' to 'Models::IModel' and 'Models::Calculable' at the top, indicating that 'Models::Billing' inherits from both 'Models::IModel' and 'Models::Calculable'.
