

Models::IModel

Models::Calculable

Models::Billing

```
graph BT; Billing[Models::Billing] --> IModel[Models::IModel]; Billing --> Calculable[Models::Calculable];
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'Models::Billing'. Two arrows originate from the top of this box and point upwards to two separate boxes above it. The left box is labeled 'Models::IModel' and the right box is labeled 'Models::Calculable'. This indicates that 'Models::Billing' inherits from or implements both 'Models::IModel' and 'Models::Calculable'.
