

Models::People

Models::IModel

Models::Customer

```
graph BT; Customer[Models::Customer] --> People[Models::People]; Customer --> IModel[Models::IModel];
```

The diagram illustrates a class hierarchy. At the bottom is the 'Models::Customer' class. Two arrows originate from its top edge and point upwards to the 'Models::People' and 'Models::IModel' classes, which are positioned side-by-side at the top. This indicates that 'Models::Customer' inherits from both 'Models::People' and 'Models::IModel'.
