

Models::IModel

Models::Calculable

Models::Billing

```
classDiagram
    class ModelsIModel["Models::IModel"]
    class ModelsCalculable["Models::Calculable"]
    class ModelsBilling["Models::Billing"]
    ModelsBilling --> ModelsIModel
    ModelsBilling --> ModelsCalculable
```

The diagram illustrates a class hierarchy. At the bottom is the 'Models::Billing' class. Two arrows originate from its top edge and point upwards to the 'Models::IModel' and 'Models::Calculable' classes, which are positioned side-by-side at the top of the diagram. This indicates that 'Models::Billing' inherits from both 'Models::IModel' and 'Models::Calculable'.
